# Needs and Wants Song

There are things I need,

I must have indeed...

And there are things I want,

don't really need but still want.

When I don't know what I need,

I really really need ...

I want more and more,

Of everything I see.

So I think of what I need,  
And not get taken by greed ...

I pop the want bubble,  
To stay out of trouble.

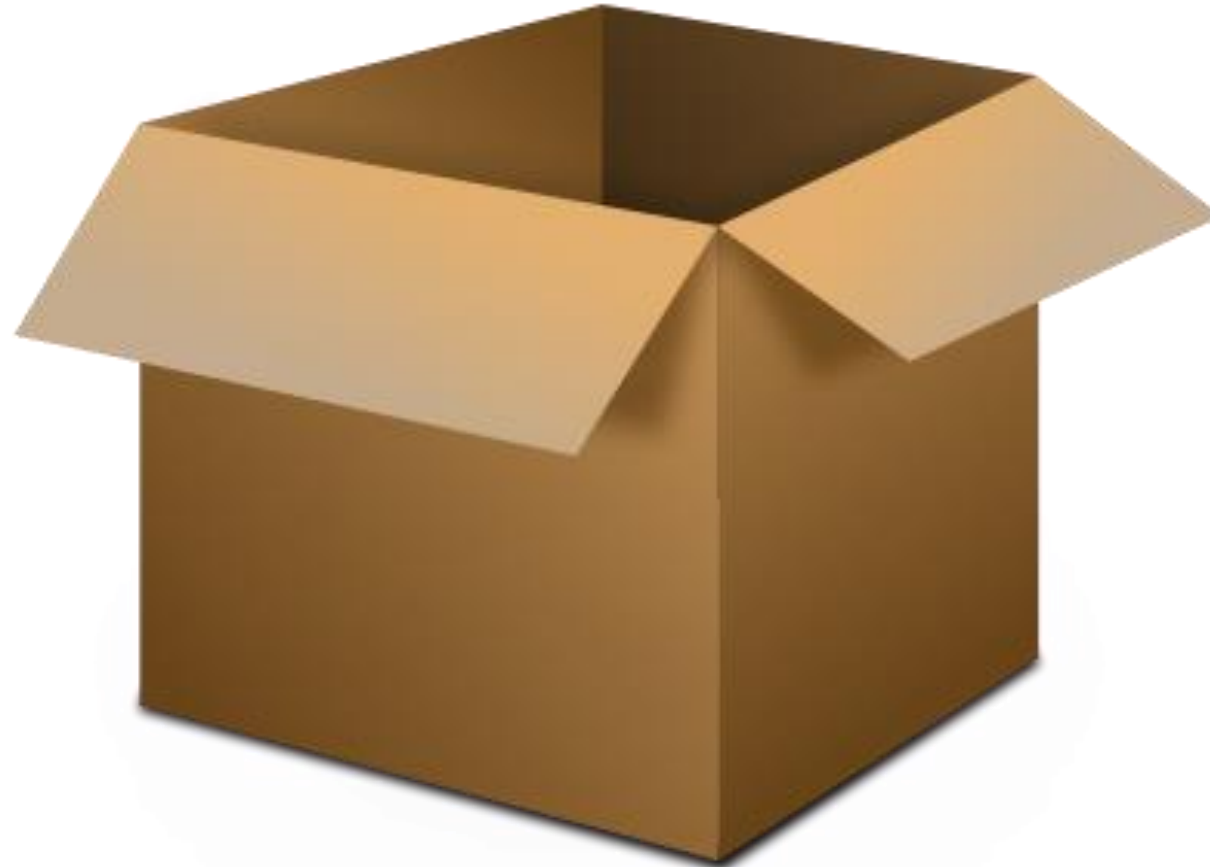

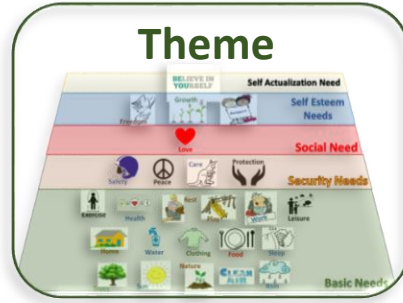

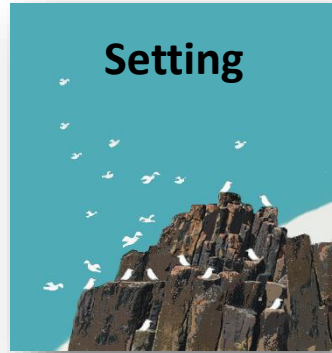

*What happens when Jay's most memorable day has his most embarrassing moment?*

**Beach Bungle, the story**

*Too many wants  
eclipse the need.*
